

Standards for Photographic or Live Lineups in Eyewitness Identification

This training was developed by the Florida Department of Law Enforcement based on the “*Standards and Accompanying Commentary*” which were developed and endorsed by the Florida Department of Law Enforcement, the Florida Sheriffs Association, and the Florida Police Chiefs Association in collaboration with the Florida Prosecuting Attorneys Association.

This training is designed to assist agency personnel in understanding the standards and the expectations stated in those standards of processes to be applied in any eyewitness identification procedure.

Participants will:

- Learn common terms used in Photographic or Live Lineups
- Discuss standardized instructions to promote consistency in administering Live Lineups
- Identify directions for the person administering the Photographic or Live Lineup
- Learn methods of presenting the Photographic or Live Lineup
